EDMONTON, ALBERTA, MONDAY, NOVEMBER 16 1903

NO 266

## TELEGRAPHIC.

### WHEAT AND OAT QUOTATIONS

Winnipeg, Oct. 2 white, 30c. a bushel.  
Fort William, wheat, No. 1 Northern, 72 1/2 cents a bushel.

### WEATHER

Since Saturday snow has fallen in considerable quantities in Manitoba and the Territories attended by decidedly cold weather. The outlook is still decidedly cold with fair weather.

Winnipeg, Nov. 16th.

### SIGNS OF PROGRESS.

Souris, Manitoba, has been incorporated as a town.

### HUNDREDS OUT OF WORK.

In Quebec 500 shoe factory employees are idle.

### WHEAT IS HIGHER.

The wheat markets were stronger and brighter.

### STORM ON LAKE SUPERIOR.

The Canadian Pacific Railway steamers encountered heavy seas on Lake Superior.

### WILL VISIT ENGLAND.

The King and Queen of Italy will visit England, to-morrow, November 17th.

### SIGNS OF A GREAT DEPRESSION.

A number of large United States industries have closed down.

### THOUSANDS OUT OF WORK.

The building outlook in Pittsburgh has thrown out of work 8,000 men.

### SPLENDID STATEMENT.

The Dominion financial statement for the past four months is a splendid one.

### CONTRACTOR GETS A FALL.

Mr. Theo. Ritchie, a Winnipeg contractor, sustained a fall which may prove fatal.

### ANCIENT TABLETS UNEARTHED.

Many hitherto unknown sayings of Christ have been unearthed in Egypt.

### RAILROAD FOR WETASKIWIN

Rails are being unloaded at Wetaskiwin every day for the Canadian Pacific Railway line east from that point. The rails are almost new and show no sign of wear. They are from the British Columbia division which is being laid with heavier rails. It is reported that the Canadian Pacific Railway intend to lay thirty miles of track next season. This will place the end of steel in the vicinity of Sandstorm lake and would be a great convenience to the large new settlements east of that point.

### CANDIDATE IN THE FIELD

A. L. Whitten, secretary of the Farmers' Association of Lacombe, is issuing the following for publication: "Col. J. J. Gregory, of Lacombe, was nominated for M. P. for the Strathcona district by the Farmers' Association of Alberta, at Lacombe on Saturday, Nov. 7. Col. Gregory is a farmer, a finely educated man and a good speaker, and has the farmers' interests at heart. He is the unanimous choice of the Farmers' Association, which is a strong organization of actual farmers, the central association being located at Lacombe with branches in the surrounding country. The association decided that the time had come when the people of this district should be represented in parliament by a farmer. Col. Gregory does not go before this constituency as a party man or as a politician, but as a farmer and a candidate representing the farmers' interests. He is not only backed by the farmers' association, but at the association meeting last Saturday an address was given by M. Cook, of Buffalo Lake, endorsing his candidacy. Mr. Cook is the leader of the halfbreeds in the vicinity of Buffalo Lake and can control a large vote. Col. Gregory will put up a strong fight, and being backed by a strong organization, his prospects of election are very bright."

### SUPREME COURT

A civil case was on at the Supreme court on Saturday, Bakkan vs. Mr. and Mrs. Myrum. The interested parties live at Star. Bakkan was prosecuting Myrum and wife for alleged slander. Damages of twenty-five dollars and costs were given the plaintiff. C. de W. McDonald appeared for the plaintiff and C. W. Cross for the defendants.

## LOCAL

—Train left Red Deer on time.

—Alberta has had a touch of Manitoba weather during the past week.

—The road between Edmonton and Strathcona is getting into good shape.

—The Methodist church choir will give a sacred recital in the church this evening.

—A letter to the Bulletin complains of the bridge on the Sturgeon trail across Hat Creek.

—Weather: Maximum temperature for the last 24 hours, zero, minimum temperature for the last 12 hours, 4 below.

—The Calgary Board of Trade are holding a banquet on Nov. 19th. Premier Haultain is expected to be present.

—The Edmonton hockey team continue their training course at their rooms in the Thistle rink tonight.

—The weather remains very frosty. A light fall of snow Saturday night tempered the weather somewhat, but it has since become very sharp. A few cutters were out yesterday, but there is insufficient snow for sleighing.

—Regina Standard, Independent.—George Foster has gone over to England to preach the protection that brought prosperity to Canada. The fact is that Canada is beginning to prosper in spite of protection—not because of it.

—Odds Oracle.—The government swine sales do not seem to be taking as well as might be. There was a fine lot of hogs offered for sale here, but few buyers were out. The auctioneers say the animals are not going off their hands very well. A number of prime animals were purchased here and the buyers are thoroughly satisfied. It is to be regretted that more advantage was not taken of the opportunity.

—The local Sunday school teachers have organized for the coming winter. A very successful meeting was held Friday evening at which about thirty were present. Principal Riddell, of Alberta college, was elected president, and H. W. B. Douglas secretary. Principal Riddell discussed the reason why the Sunday school teachers should organize. The principles underlying day school teaching should be applied to Sabbath school work. Regular meetings will be held every Friday evening at eight to nine o'clock, sharp.

—The Saskatchewan Herald is the oldest of western papers. Here are two clippings from its issue of August 25, 1878. Pioneering was the real thing in those days: "A correspondent informs us that farming has begun on a small scale at a point midway between Carleton and Prince Albert and that the yield of this, the first year of cultivation, has been excellent." "It seems but a little while ago when the Portage was considered to be the last point to which civilization extended, and at which home comforts could be had. Now, however, a man may leave Winnipeg and find a house to sleep in every night until he passes Shoal Lake—a distance of two hundred miles; and this year the line of settlement will be extended still further westward."

## PERSONAL

C. M. Applebald, Wetaskiwin, spent yesterday in Edmonton.

Dr. Brett, of Banff, arrived in Edmonton Saturday night.

W. Forbes arrived in Edmonton Saturday night from Wetaskiwin.

H. Goodridge returned Saturday night from a business trip down the line.

T. E. Perritt, public school inspector, arrived in Edmonton Saturday night.

Mr. and Mrs. H. Harkness returned to Edmonton Saturday night from a visit to Red Deer.

Mr. and Mrs. J. T. Labossiere returned to Edmonton on Thursday night. They will take up their residence on Fourth street.

Archbishop Bruchesi of Montreal, arrived in Edmonton Saturday night to pay a visit to the Edmonton and St. Albert missions. He conducted the service in St. Joachim's church last night.

Rev. John V. Gruenigen, of the Evangelical Reformed church, is spending the winter in Edmonton. Mr. Gruenigen left Nashville, Tenn., to administer to the religious needs of a Swiss colony near Red Deer. He found the colony so small that he decided to spend the winter in Edmonton and return in the spring, when Mr. Gruenigen expects that the colony will be much larger from immigration which is being directed this way. Mr. Gruenigen is giving lessons in German and French during his stay here.

## AN OLD TIMER GONE

The late Hon. John A. Davidson, provincial treasurer of Manitoba whose death occurred at his home at Neepawa, Man., on Saturday, was an old timer of the province of Manitoba, and at one time visited Edmonton. He was born at Thamesford, Ontario, in August, 1832, and was, therefore, 71 years old at his death. In his early youth the family moved from Ontario to Iowa; and after a residence there of some years, in 1872 removed to Manitoba. The trip was made in wagons as the railway did not then extend much beyond St. Paul. The family were among the first settlers at what is now Gladstone, but which they then named Palestine, about one hundred miles west of Winnipeg. They engaged in farming. On the establishment of the Northwest government at Battleford in 1876, Mr. Davidson and two of his brothers brought a brigade of carts to Battleford laden with supplies for the new capital. Being anxious to see Edmonton, he sent part of the brigade back to Gladstone with his brothers and brought the remainder on to Edmonton laden with supplies for the government saw mill which had been established in the timber limits above the White Mud, 60 miles west of Edmonton. He was accompanied on this trip by Mr. Oliver, now of the Bulletin, and it may be mentioned that Mr. John A. McDougall, of McDougall & Secord, was also a travelling companion from Fort Pitt to Victoria. Mr. Davidson returned to his home in Palestine during the winter of 76-77, making the trip of 900 miles by dog train. After his Edmonton trip Mr. Davidson went into a commercial and milling business in the town of Gladstone, and afterwards removed to Neepawa, where he became one of the founders of the town. He was successful in business and entered municipal politics. He entered provincial politics in 1881 as member for Dauphin district. He was re-elected in 1883 and was defeated in 1886 and again in 1888. He was elected in 1892, but was defeated in the elections of 1900. His successful opponent was unseated and Mr. Davidson was elected at the bye-election. He then became provincial treasurer in the Macdonald government, and held the portfolio under Premiers Macdonald and Roblin until his death. In politics he was strongly Conservative. He leaves a widow, a daughter and two sons.

## EDMONTON MARKETS

Butter.—Butter remains fairly scarce with the demand for good butter as strong as ever. Twenty-five cents a pound is paid for the best article.

Eggs.—Eggs continue very scarce, with the demand correspondingly strong. Thirty cents a dozen is being paid.

Potatoes.—The supply is plentiful and of good sample. Twenty-five cents a bushel is paid.

Poultry.—Chickens are being marketed in larger quantities of late. Chickens bring 8c a pound live and hens 25c apiece. Ducks bring 8c a pound live, and turkeys 12-15c per pound, dressed.

Beef.—Cattle are bought mainly by the head, but a few are being bought by the pound. The price paid ranges from two to two and a half cents a pound.

Hogs.—There has been a considerable drop in hogs during the past couple of days. The price paid now ranges from five to five and three-quarter cents a pound. The average price paid is about five and a half cents a pound. Hogs have been more plentiful during the past week.

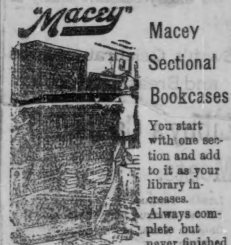

Hay.—Hay is being delivered in large quantities and the price remains high. The price paid ranges, according to quality, from eight to fourteen dollars a ton. As high as sixteen dollars a ton has been paid the past week, but this was only for a catch load, the average price being twelve dollars. Greed feed brings from six to ten dollars a ton.

Wheat.—Peeled oats bring from 22 to 25c a bushel. Wheat—Little wheat is being delivered as yet, but what is being brought in is of very good sample. Seventy-five cents a bushel is paid for the best grade. The price ranges from 50c to 75c, according to quality.

## DEATHS

EATON.—At Edmonton, on Sunday, November 15th, Mr. Mary A. Eaton, mother of Mrs. W. L. Crafts, aged 80 years, 3 months and 11 days.  
The funeral will take place to-morrow afternoon, at two o'clock, from the residence of W. L. Crafts, Edmonton.

market wants flour and not wheat. A later dispatch however, announces that Japan is buying considerable wheat in India.

It has been generally believed in reference to Canadian trade with Japan, that the market for flour would include only the softer grades, and that only to a limited extent. Why, then, should No. 1 hard flour go to the Pacific empire? The answer, doubtless, lies in the fact that at present there is a considerable European and American population in her larger cities, in which trading is done direct with foreign countries. These people require bread, and there is no reason why their wants should not be supplied from our storehouses. The natives are also said to be showing a taste for the products of wheat flour and although these people have a wonderful aptitude for and pursue a policy in favor of producing, it possible, all necessities within their own country, they have nothing to take the place of Canadian wheat fields and should their appetite for wheat bread continue to improve, there is no reason why a market for a fair quantity of flour and probably wheat, should not be developed by Canadians.

## GROWING INTO BATTLEFORD

Battleford, Sask., Nov. 12. — Five thousand people have settled in the Battleford district during the present year and 2,000 homestead entries were made. Prospects are that immigration next year will be more than double that of this year. This is a very moderate estimate.

## MAY REQUIRE ANOTHER TREATY

Ottawa, Nov. 12.—It will require another treaty between Britain and the States to clear up the delimitation of the Alaskan boundary line, for more than one hundred miles was not treated by the commission because the American commissioners said there was not data enough to warrant fixing it exactly. Perhaps a joint commissioner of surveyors may be able to arrange matters. If not it will mean an arbitration with its attendant expenses all over again.

## BOERS MAY BEAT THE BRITISH

Cape Town, Nov. 12.—The elections yesterday for members of the Legislative Council passed off quietly. The elections were the first trial of strength since the war in South Africa between the Progressives, or British, and the Bondists, or Dutch. The results will not be known until to-morrow, but the indications are that the Bondists will be victorious.

## ROSS BROS. LTD.

## THE GLOBE'S CALL

Let it be said quite frankly that the present political situation is neither satisfactory nor creditable. There is little positiveness or virility in provincial politics. Both parties have been beamed, and that, too, for causes largely within themselves. The Conservative opposition has deteriorated steadily in moral power and political prestige from the days of the "drawing brood of bribes" unto the present humiliation of Gemesien, and it is a far cry from Mr. Whitney back to Mr. Meredith. But the government side has also suffered loss, the least important of which is a diminished majority in the Legislative Assembly. The nature, extent and causes of that loss must be estimated. The condition of the Conservative party is not the first concern of Ontario Liberals, nor is their first duty the reform of the question in the Legislature. There is a note in their own eye which must be taken out if they would judge justly the value of their opponents, or see clearly the way in which they themselves should walk, and the public service they are in duty bound to render.

The loss which has come upon the Liberal party in Ontario is not the loss of a leader. Sir Oliver Mowat in the days of his pre-eminence was a leader of exceptional skill and command to an unusual degree the confidence of the province. Premier Ross is no less skillful and no less notable elements of leadership he is the equal, if not the superior, of any leader the government party in this province has ever had. At this moment there is in public life in Ontario, in either party, no other man to whom to turn. If the spirit of a new life and the hand of a more efficient service are to come to Ontario politics his leadership would seem to be of first importance.

The present distress has not come by accident or chance, or as the result of a change of government policy, and not at all because of any growth of power or prestige in the opposition. It has come through the cooling enthusiasm and the slackening effort of not a few Liberals. And the secret of it all is in the discredited election methods sometimes resorted to and the activity of political parasites who make party service a means of private gain. Because of electoral corruption here and the prominence of party heeler there, Ontario Liberalism has lost something of its old-time self-respect, and its note of confident and public-spirited enthusiasm has lost something of strength and resonance.

What, then, is the first duty of Ontario Liberals? To let things drift? That is the policy of weakness and folly. There are not the times in Ontario's history when the policy of drift is the least tolerable. The expanding industries of the province demand a progressive policy and a strong-handed administration. A negative attitude and an uncertain control would give opportunity to corporate and capitalist plunderers to feed fat on the public domain. And from the party point of view, to drift would be the part of fool, for the reckoning day would come, a day of swift and certain judgment.

Some political opponents advise a term in opposition. That, too, would be weak and foolish. Responsibility for administering the affairs of the province rests upon the Liberals, and cannot be surrendered except at the mandate of the electors. Besides, to surrender to the present leader of the opposition and his inevitable colleagues, would be not only political suicide, but a crime against the state. The electors, not knowing him, may choose Mr. Whitney, but those who know him and those associated with him would be without excuse were they weakly to play into his hands. Of late years his leadership has been distinguished chiefly by bluster and bluntness, to be accounted for only by constitutional incapacity. And the surrender of the member for Manitoulin makes the voluntary abdication of control on the part of the Liberals a thing not to be thought of in the interests either of the party or of the province.

There is but one thing open to the Liberals of Ontario, and that thing is their first and most pressing duty. The harnesses on the ship must be treated with an iron hand. The interests of the Liberal party are superior to those of any individual, and the interests of the province are supreme over all. Half measures will not avail. Neither the Liberal party nor the province owes to any man any position or reward not earned by honest and efficient public service. If Premier Ross is prepared to devote the remaining years of his public life to the truest political heroism, if he will risk everything intelligently and deliberately for what ought to be, if he gives Ontario another term of Liberal administration organized on business more than on party principles, he will not only crown his own career fittingly and prove himself a statesman, his friends believe him to be, but his reward will be found in the rallying to his support of the strongest and best citizens, in the lifting of his province out of its present low political estate and setting his party in the places of honor and power for another generation.

## HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-West Territories, excepting 8 and 26, which have not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

## ENTRY.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the Local Agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10 is charged for a homestead entry.

## HOMESTEAD DUTIES.

A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto to perform the condition connected therewith under one of the following plans—

1. At least six months' residence upon and cultivation of the land in each year during the term of three years.

2. If the father (or mother, if the father is deceased) or any person who is eligible to make a homestead entry under the provisions of this act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

3. If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent countersigned in the manner prescribed by the Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

4. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4 must cultivate 30 acres of his homestead, or substitute 20 head of stock, with buildings for their accommodation, and have besides 80 acres substantially fenced.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

APPLICATION FOR PATENT. Should be made at the end of the three years before the Local Agent, Sub Agent or the Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

INFORMATION. Newly arrived immigrants will receive at the Immigration office in Winnipeg, or at any Dominion Lands office in Manitoba or the North-West Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa; the Commissioner of Immigration, Winnipeg; Manitoba; or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.

JAMES A. SMART, Deputy Minister of the Interior.

N. B.—In addition to Free Grant Lands, to which the Regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from Railroad and other corporations and private firms in Western Canada.

Male quartette, Nearer, My God to Thee, Messrs. Willis, Olds, Cushing, Nichols.

Chorus, Praise Ye the Lord, full choir.

## PLEASED WITH WESTERN CANADA

Telegram. E. B. Eddy, of Hull, Que., arrived in Winnipeg yesterday from the West. His trip has been one of combined business and pleasure. Accompanied by Mrs. Eddy, he has visited the greater number of the agricultural and mining districts of British Columbia, the Territories and Manitoba. On the way back from the Pacific coast they stopped off four days at Calgary and also spent two days in Edmonton.

Mr. Eddy said that he was more than pleased with the many evidences of rapid progress which he saw on all sides. At every station where the train stopped, the noise of hammer and saw were heard on every side and there were towns and villages all along the route, which showed by the number of new buildings the rapidity with which the country is filling up. This, he adds, was not only the case in the West, but also throughout the whole of Canada, though the signs of progress were more in evidence here.

This was Mr. Eddy's first visit to the Edmonton district, and he expressed the greatest surprise at the magnificent stretches of fine agricultural country seen there. From Winnipeg to the Rockies there was but a very small percentage of the land which was not fertile and this record was not equalled or any of the many countries through which he had travelled.

He said that everything pointed to the fact that Winnipeg and Vancouver were destined to be the great commercial centres of Western Canada, while Calgary and Edmonton would be close seconds. The possibilities of the country were only beginning to be realized, and as soon as it came to a fair start there would be no holding it. The East and West must work in harmony, as that is the keynote of success. Each needs the other, and whereas in the past there has been some pulling in opposite directions, they are gradually coming closer together, and as soon as this road was fully realized Canada would be fairly launched on her career.

## HOTEL ARRIVALS

Saturday and Sunday. Queen: R. Lee, G. Blau, Vancouver; B. Henderson, High River; C. John, Minnesota.

Windsor: W. Forbes, Wetaskiwin; J. McRoyce, J. Turpin, C. W. Sweet, Toronto; H. M. Brierley, Winnipeg; Dr. Brett, Banff; G. F. Hannigan, City; John Perkins, Quebec; E. B. Heyland, J. B. Pizar, Q. Tessler, J. Kunkel, Pendleton; E. D. Haligan, A. McDonald, Chicago; M. R. Angus, Montreal; C. A. Cameron, Vancouver; C. M. Archibald, Wetaskiwin; H. H. Kelly, Montreal.

Grandview: H. Horton, Mr. and Mrs. McPherson, Edmonton.

C. W. Satter, day from a Dominion Immigration Agent, returned from the new trip of inspection. He also visited Golden and other newly settled districts and wherever he went, he found the settlers well pleased with their lot and their prospects. The trip, though all doing well, passing out of Vegreville, Mr. Satter noted the new settlers at work laying out townsite.

## CITIZENS of EDMONTON

Have long wanted a means of showing to their distant relatives and friends the rapid progress our town has been and is still making, together with a practical demonstration of the Beauty and unlimited possibilities of the grand country about us which supplies Edmonton's solid foundation.

## "EDMONTON ILLUSTRATED."

supplies that need in a both dainty and practical manner. You will be proud to send it as a Xmas Souvenir and they will be delighted to receive it.

## Wait and Watch for its Appearance.

## NORWOOD.

What is the Matter With Norwood?

## NORWOOD

Norwood is all Right or we would have nothing to do with it; as we believe in Edmonton so we do in Norwood. Therefore if Edmonton is all right so is Norwood.

## There is No Doubt About Edmonton's Future

it is destined to become the great Metropolis of the Territories. This is a recognized fact and generally admitted now by everyone. The present prosperity is truly unexampled but as it has been slow in coming so will it be slow in departing.

For all the labor, capital and railroad equipment which can possibly be obtained the West will furnish a demand for years to come, all heading toward Edmonton,—the Storehouse of the West—giving us direct and shorter routes to the East and opening up new markets for us in the farther West.

The Canadian Northern expects to reach Edmonton inside of two years, the Grand Trunk Pacific about the same time or not long after and the Canadian Pacific expects to beat them both. All these roads will have branch lines running out from Edmonton in all directions; in fact surveys for the branch lines are now under way. This means business for EDMONTON. It means increased growth and population. It means money will be made by the prudent and wise ones who invest some money in

## NORWOOD LOTS NOW.

This is the most desirable property on the market today as well as the cheapest. It has the most commanding view of the Town is nearer the C. N. R. station Grounds and expected to be still nearer the Grand Trunk Pacific than any other properties outside the Town limits.

There are no less than three bridges across Rat Creek to accommodate the traffic which goes through Norwood, all roads from Edmonton North go through Norwood.

## Norwood is the Northern Entrance to Edmonton

and Norwood to the great highway leading out of Edmonton. There is ten times more traffic through Norwood than over any other road to Edmonton. Edmonton is already built right out to Rat Creek the boundary line.

## The Actual Business Growth of the Town is Northward

and each of the several streets leading North is looked upon by its property owners as going to be the Yonge street of Edmonton, the great business street North. No matter which it is they are all heading for Norwood and as Edmonton prospers so will Norwood.

## Now is the Time to Buy.

The Lots are from \$40 to \$150. One Quarter Cash, balance in Three Equal Annual Payments at 8 per cent.

The great Horace Greeley said "Young Men go West" and the great Russell Sage said "Young Men buy Real Estate it is the safest and best investment you can make."
